Re: Annual Hydraulic No Load Safety Test

Description of Work

We propose to furnish and install all the necessary labor, materials, tools and supervision to perform the following work on the hydraulic passenger elevator:

Annual Hydraulic No Load Safety Test

KONE Inc. will perform the following test(s) on Purchaser's elevator(s) in line with the standards set forth and required per current code. If test results show parts needing replacement or repair, a separate quotation will be prepared for Purchaser's authorization. This proposal covers only the inspection test as outlined below.

1005.2a RELIEF VALVE - Check pressure release to be sure valve opening or pump cut-off pressure is no more than 125 percent of working pressure.

1005.2b CYLINDER LEAKAGE - Locate car at a convenient observation level, and open disconnect switch. After fifteen (15) minutes minimum time, note position of car as compared to initial level. A drop in elevation beyond that accountable to visible oil leakage or oil temperature change (shrink) will indicate cylinder or buried oil line leakage.

Please note that we will examine only the items indicated. We will not examine the balance of your elevator unless you specifically request us to do so. A separate proposal will be provided for such request.

At the end of this test, we will attach a metal tag, bearing Company name and test date to valve.

It is further agreed and understood that KONE is not responsible for damages, either to the elevator equipment or to the building, or for any personal injury or death, arising from or resulting from these tests.

Price

Our total price to perform the above-mentioned work amounts to: \$ 785.00 plus applicable taxes.

Our price includes applicable labor, material and permit fees. This proposal is not binding on KONE until approved by an authorized KONE representative. Pricing is subject to KONE's attached Terms and Conditions for tendered repairs and, by signing below, Purchaser hereby agrees to these Terms and Conditions. Price is valid for 30 days from the date of this proposal.

During the course of our work, should deficiencies, code violations, or other issues be discovered, we will promptly notify Purchaser and provide a separate quotation to correct these issues.

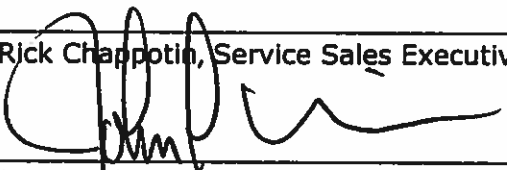

ACCEPTANCE: The foregoing Agreement is hereby signed and accepted in duplicate on behalf of The City of Orange Beach, AL

Respectfully submitted by, KONE Inc.
