Dear Mr. Griffin

Please be advised that the Village of Tannin's Architecture Review Committee, and our HOA's own Architect, Coleman Mills, have reviewed the plans for the above property owner and installer and have given approval for the build with the set backs that were included.

Should you have specific questions regarding the details of the design, they can be emailed to me at deutschj911@yahoo.com. I will forward to our ARC or send them to Mr. Mills.

Thank you for your time in this matter,

Sincerely yours,

Joseph Deutsch
