ABOUT EXPECT EXCELLENCE

Expect Excellence is an enhanced after school program offered by the City of Orange Beach that serves students who are Orange Beach residents. This includes students that are in virtual school or are being home schooled.

The City of Orange Beach Expect Excellence program is designed to allow every student in Orange Beach the opportunity to identify interests and passions at an early age and to develop related skill sets. Expect Excellence is not simply after school child care; it is an enhanced program for **Academics, Arts** and **Athletics**.

Each student registering in the Expect Excellence program will be required to participate fully in classes, behave properly and respectfully at all times, and strive for growth. It is each parent's responsibility to fully understand the policies, procedures and expectations of participation in the Expect Excellence program and convey that to their student.

In addition to the Academics, Arts & Athletic programs taught at Expect Excellence, we are continually teaching the core values of

CHARACTER, INTEGRITY, WORK ETHIC, RESPECT & DISCIPLINE.

To that end, every student enrolled will be required to participate in the Etiquette and Life Skills class.

REGISTRATION

To start Expect Excellence on the first day of school, Wednesday, August 10th, students must be registered by 5:00 pm on Monday, August 8th.

Following the start of the school year, if a student is registered for the program between Monday-Thursday, the student may begin attending Expect Excellence the following Monday. If a student registers AFTER 5:00 PM on a Thursday, it will be the FOLLOWING Monday (10 days later) until they may begin attending Expect Excellence.

Students must be registered for Expect Excellence to attend.

EXPECT EXCELLENCE FOR KINDERGARTEN - 2ND GRADES

The kindergarten through second grade program is designed to help students with homework, offer opportunities for creative play, and provide fitness, arts and enrichment classes. Each class will have a weekly schedule that combines these three elements, daily. A set schedule will be sent to the parent/guardian once the student is registered and the admin has assigned the student to a group for the school year.

EXPECT EXCELLENCE FOR 3RD - 6TH GRADES

The third through sixth grade program is designed to help students with homework, continued tutoring opportunities as needed, and an array of extracurricular opportunities based in Academics, Athletics, Arts and Enrichment. In this program, parents will be able to choose the classes that best suit their student's interests.

Monday-Thursday will begin with homework lab, and then students will move into their selected extracurricular activities. There will be no homework lab on Friday, with additional enrichment opportunities to choose from.

MUSIC CLASSES FOR 3RD - 6TH GRADES

The Expect Excellence Music Program serves students in 3rd -12th grade to help find and grow their passions in music. We offer various opportunities such as individualized lessons, songwriting, recording engineering, and sound design.

As the students develop into high school, they will work with our development team who will build the students a personalized portfolio and growth track.

Music class opportunities for 3rd-6th grade students will be available in the registration process.

Upon the sixth absence, the parent will be notified to change the student's schedule so that a waitlist student can be added to that class.

EARLY CHECKOUT
