VIII. DISCUSSION ITEMS

1. First reading of Out-of-District/Non-Resident Student Policy. Board members discussed out-of-state students versus out-of-district students. The Board asked that a map of the City’s corporate limits be posted on the school webpage. They discussed waiving 2022-2023 school year tuition for students currently enrolled at Orange Beach schools for the 2021-2022 school year. The Board also discussed waiving tuition through graduation for rising sophomores, juniors, and seniors currently enrolled at Orange Beach High School. The Board was disinclined to provide transportation for out-of-district students due to the geographical spread of current students traveling from Gulf Shores and Baldwin County. The Board discussed adding a cap on tuition for families with multiple children attending Orange Beach Schools. The Board discussed possibly having a stricter selection process for out-of-district students rather than higher tuition, with the total enrollment limit to be determined by classroom size. They also discussed giving an opportunity for reduced or waived tuition for out-of-district students determined to have financial hardship. Motion made (McKinney/Robinson) to accept the first reading of the out-of-district student policy with further review and revisions to follow. Motion carried (5-0).

2. Dr. Robbie Smith, Interim Superintendent, asked the Board for their support in setting up an Orange Beach City Schools job fair, possibly in cooperation with Gulf Shores City Schools. She explained that Baldwin County just had their job fair, and that it is a normal part of gathering a candidate pool for new units, which does not impact current teachers. She explained the critical need for math and science teachers, and that invitations are sent to universities with the hope of recruiting fresh graduates. The Board expressed their approval to move forward with posting new positions on the website with the stipulation that these are for prospective jobs only, not yet official hires.

3. Mr. Handley stated that the Board now has a Federal EIN and temporary LEA number, which allows the school to move forward with certain procedures.

IX. OTHER BUSINESS

Lauren Prosser, parent, asked for clarification on the 2022-2023 pre-k program. Nash Campbell, School Board Attorney, responded that he has verified that the Board will have to file its own application for a city school pre-k program, but that the Board will be able to use the same application form as was submitted by Baldwin County, which will simplify the process. Mr. Stuart, stated that the 18 children selected for the pre-k program through the Baldwin County lottery system will keep their spots in the city school system. He explained that the Board had wanted to add an additional unit to accommodate the 19 children on the waitlist, but limited facilities do not allow expansion of the program at this time. Ms. Prosser also inquired about special education. Dr. Smith stated that she is not sure that either school will gain any teaching units based on enrollment numbers, but she reassured Ms. Prosser that current services will not change. Mr. Campbell stated that the hiring of a Special Education Coordinator will be high on the list after a permanent Superintendent is in place.

X. EXECUTIVE SESSION

Motion made (Bauer/Stark) to enter into executive session to discuss the good name and character of certain individuals. Motion carried (5-0). Mr. Stuart stated that the Board would
