

SUB-CONTRACTOR LIST

- All information must be complete. All subcontractors performing work on the project must be listed below.
- If there is a type of sub-contract that does not apply to the project, write N/A on the line.
- Part One must be submitted with the Building Permit application.
- Part One should be updated as needed and submitted with Part Two before scheduling an inspection for electrical and/or gas meter release.
- It is the contractor's responsibility to notify Community Development of any changes in subcontractors before completion of this project.

I have reviewed and fully understand the above and agree to it by signing below.
